How do participants get food?

Participants call in to place food orders. Once they arrive at PROP, they wait in their car, phone our delivery hotline and a volunteer will deliver their order to their vehicle.

What food will participants receive?

Each household will be provided with a box of non-perishables, milk, eggs, meat, and produce (as we have available). Special needs for pet food, diapers and feminine hygiene will be accommodated to the best of our ability. Participants can access the food shelf one time per month.

What are the hours for the food shelf?

The hours of the food shelf will remain the same. Monday-Friday, 9:30am-1:00pm and Wednesday evening 4:00pm-6:30pm. Any changes will be communicated widely.

What information does someone need to provide to get food?

A modified intake form for each food shelf household will gather minimum, pertinent information. No one is ever turned away at PROP.

What if someone wants to meet with a Case Manager?

People who would like to meet with a case manager can do so via phone. Phone PROP’s main office line at 952-937-9120 for assistance.

How can I make donations to PROP?

Financial donations can be made online at: www.propfood.org or a check can be mailed to: PROP, 14700 Martin Drive, Eden Prairie, MN 55344.

Food donations are encouraged and can be dropped off at PROP during business hours. Once in PROP’s parking lot, honk for curbside service. Check our Most Needed Items List at www.propfood.org.

Are volunteers needed?

PROP is closed to the public and we are avoiding large gatherings of people. We will communicate if additional people or specific skills are needed.
